

## **NAPA FIREWISE SEEKS NON-PROFIT STATUS**

As part of a strategic plan to make Napa Firewise a sustainable community directed effort, Napa Firewise is in the process of acquiring non-profit status and will be officially known as the Napa Firewise Communities Foundation in the near future. This is an important step forward for Napa Firewise in that it will allow individuals and organizations to fund the program's fire prevention and education efforts as tax-deductible contributions. It will also give the program the ability to attract grant funding only available to organizations with non-profit status. For more information about the Napa Firewise Communities Foundation, visit the Napa Firewise Web site at [www.co.napa.ca.us/firewise](http://www.co.napa.ca.us/firewise) and click on the News & Events tab.
