INSIDE CHECKLIST

√ Shut all windows and doors, leaving them unlocked.

√ Remove flammable window shades and curtains and close metal shutters.

√ Remove lightweight curtains.

√ Move flammable furniture to the center of the room, away from windows and doors.

√ Shut off gas at the meter. Turn off pilot lights.

√ Leave your lights on so firefighters can see your house under smoky conditions.

√ Shut off air conditioning

IF YOU ARE TRAPPED: SURVIVAL TIPS

√ Shelter away from outside walls.

√ Patrol inside your home for spot fires and extinguish them.

√ Wear long sleeves and long pants made of natural fibers such as cotton.

√ Stay hydrated.

√ Ensure you can exit the home if it catches fire (remember that if it’s hot inside the house, it is four to five times hotter outside).

√ After the fire has passed, check your roof and extinguish fires, sparks or embers.

√ Check inside the attic for hidden embers. Embers are a primary cause of home ignition.

√ Patrol your property and extinguish small fires.
